

Brighton Primary School & Centre for Deaf Education

PARENT INPUT CLASS PLACEMENT 2022

We have begun the task of organising classes for next year. At this stage details of our staffing for 2022 are not yet finalised. A number of our current teachers may not be returning next year while some staff may be in different buildings, teaching different year levels.

We recognise that some parents have information about their children which will be important to consider during this placement process. This form is an opportunity for you to communicate relevant information about your child's learning which may have bearing on class placement. If you have any vital information to share with us, it is very important that you complete the information below.

Please Note -filling in and returning this form is optional.

Parental information will be considered along with other relevant information, however it is NOT an opportunity to select your child's class teacher or your child's friends. Every child has the opportunity to name friends from their own year level. We guarantee placement with one friend. Please be aware that class teachers will be reading this information.

I consider the following information relevant to my child's placement for next year:

Please note — Parental information will be considered along with other relevant information

Child's Name: _____ Current Year Level: _____
Current Class Teacher: _____ 2020 Class Teacher: _____
Parent Name: _____ Signature: _____
Daytime contact Number: _____

Please return to the Front Office by 5:30pm Wednesday 20th October 2021
