

# The Library Examiner

## Tree of Knowledge

As reported last week our tree is continuing to grow. It has been noticed that since students have returned to the library, and have started borrowing books, the more they read, the more the tree grows. There is a lot of discussion about how big this tree may get.

## Monitor's Excitement

We are happy to announce that after putting out the call for students who are interested in becoming Library Monitors, we have had a fantastic response. Many students have acknowledged their interest in learning how to use their special skills and to offer their help in the school community.

There was such a keenness to take part that students were seen to be jostling to get to the counter to put their name down. Library staff managed to calm the hoards by explaining that there were unlimited places and all would be welcome.

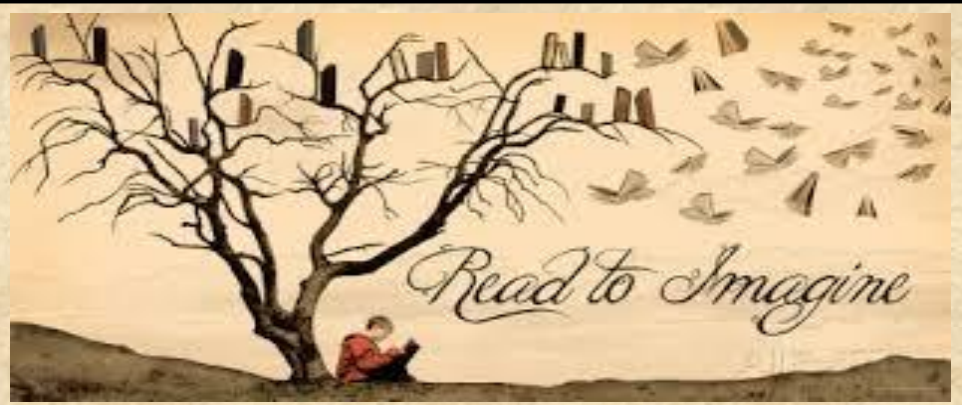

Training will take place during weeks 4 and 5, after which time they will be let loose to work their magic.

Popcorn is prepared in the same pot, in the same heat, in the same oil, and yet... the kernels do not pop at the same time. Do not compare yourself to others.

Your turn to pop is coming!

## Where in the World has AUSLAN Gone?

While visiting the library during Week 3 students discovered that AUSLAN was gone. The room where the lessons used to be was gone. No door, no wall, no Kylee. In its place was a beautiful open learning area. This area can be used for many things including lunchtime activities, Chess Club, class activities, reading and learning, displays and it even has a jigsaw corner. The school archive is also featured in this area. So where did AUSLAN go?

A thorough search of the school was undertaken by classes, who were pleased to find that AUSLAN had not gone, but had relocated to its own lovely new space, in Learning Area 5.

## Cooking Classes for Families

Would you like to take part in family cooking classes? If the answer is yes, students can come in to check out the great kids cooking books available for borrowing. Then your family can cook up a storm....
