

The Library Examiner

Book Club

Issue 2 brochures have arrived and will be coming home this week. Orders can be placed online by going to the Scholastic website and ordering through LOOP. Last day to order is Friday 18th March (Week 7).

Orders from Issue 1 have arrived and are ready to be collected
All reward points earned from orders are used to purchase new books for our library.

Cooking Classes for Families

The cooking classes advertised in last week's Library Examiner have been a great success. Families have been cooking up a storm and enjoying some very tasty meals and treats.

There have been reports of one family in Hove taking an around the world taste extravaganza without even leaving home. They had chicken curry and flat bread while in India, before moving onto Spain where they enjoyed paella followed by a Tiramisu desert in Italy. Their next stop was France where they breakfasted on crepes with strawberries, before returning home to Australia where they enjoyed bbq prawns and lamingtons.

Anyone wishing to take part in a similar cooking class can head to the Cooking section of the library where they will find instructions and pictures to help them on their way.

BUDDING ARTISTS SHARE PRIZES WITH SCHOOL

Brother and sister, Jenson (4.7) and Evelina (2.5) recently entered a drawing competition run by the Sunday Mail. Their talents were recognised by the judges and they each received well deserved prizes. They generously donated half of their prizes to the school library. We were lucky enough to receive: The Travel Book, Amazing World Atlas and 101 Small Ways to Change the World, all published by Lonely Planet. Thank you Jenson and Evelina for the beautiful books.

Tree of Knowledge

Our students are borrowing many books in their love for reading and following their goal of completing the Premier's Reading Challenge.

Our Tree of Knowledge is growing rapidly and students are noticing the daily changes. Students can collect their PRC Student Record sheet from under the tree.

Jigsaw Corner

This term has seen the reopening of our Jigsaw Corner in the library. Students can take part in putting the puzzle together. There has been a lot of interest and our first jigsaw puzzle was recently finished. Started on 14th February, it took 3 weeks to be completed and was finished on 1st March. There was some dismay though when it was realised that one piece was missing.
