

Hello Brighton Primary School community!

Day 4
Monday
26th September

**Party in the hall
with Kindy!**

Our National Week of Deaf People celebrations continue into this week. We kicked off this week with a visit from Warradale Kindergarten. Did you know at Warradale they also learn Auslan? We welcomed 25 smiling faces, most of whom will become part of our Brighton community next year.

We enjoyed a performance from the signing choir, our CDE AP facilitated a science experiment and we played *Minute to Win it* games. Our older students were able to become role models guiding and teaching the kindergarten students how to play the games.

We had so much fun celebrating NWDP with future BPS students! What a great way to experience the school community they will be a part of next year.

How are you going with your Auslan at home? Today ask your student to show you the sign for your favourite animal. Do they know the sign for giraffe, penguin or koala?

Eleanor
Teacher of the Deaf in 2.8
