

## Brighton Primary School & Centre for Deaf Education

19 March 2024

### Health Education Program - Kid Biz

Dear Families

At Brighton Primary we value and support students to develop knowledge, understanding and skills to create opportunities and take action to enhance their own and others' health, wellbeing and safety.

Throughout the teaching of our Health and Physical Education Curriculum and the Child Protection Curriculum (Keeping Safe), students develop skills to manage their emotions, understand the physical and social changes that are occurring for them and examine how the nature of their relationships changes over time. The content taught through these curriculums provides opportunities for students to contribute to building a positive environment that supports healthy, safe and active choices for everyone. Students also explore a range of factors and behaviours that can influence health, safety and wellbeing.

In conjunction with, and to support both curriculums, we engage professionals to help deliver the content through comprehensive, tailored and educational workshops. The company Kid Biz - Personal and Social Development Education, Middle Years <http://www.kidzbiz.edu.au/>, if you would like further information about Kid Biz, please feel free to check out their website. Kidz Biz will be delivered to Yrs 4-6 with the focus on Growth and Development.
